

ANNUAL MEETING VOTES & SANDCASTLE RENOVATIONS

The following is a bulk e-mail message sent to the membership by KICA on 3/22/04

Hello Members:

The Kiawah Island Community Association (KICA) Annual Meeting occurred yesterday. Here are the vote results, plus the info about the potential Sandcastle Renovations as presented at the meeting. The entire transcript of the meeting will be posted at www.kiawah-owners.org as soon as it is available.

In the meantime, we report that the following two new KICA Directors were elected to the board: Avril Fenwick and Richard Sula, both Association members and past committee chairs. Also, the proposed covenant amendment to allow for electronic communications, among other methods, passed by a 93% of available votes. Immediately after the Annual Meeting, the new board met to vote on the election of officers and the 2004-2005 board meeting schedule. The officers are: Fred Peterson, President; Faith Dodge, Vice President; Dwight Freeburg, Treasurer; Avril Fenwick, Secretary. The board meeting schedule will be publicized via *Digest* and the KICA website as soon as possible.

As further information, the Association is now considering renovation of the Sandcastle Community Center, located on 1 Shipwatch Road at Kiawah Island. KICA seeks to make the facility better for members.

You can review yesterday's Sandcastle Renovation presentation by KICA Director Faith Dodge and Architect Myles Glick. Simply [click here](#) to read the background and view the presentation. In the presentation, they describe the facility's needs, how KICA seeks member input into the design process and the board's thoughts regarding paying for renovations.

We hope that you will peruse the material and contact KICA Recreation with your initial comments about the ideas presented. **If you have comments, please contact me or any of the recreation staff at the Sandcastle.** KICA will be seeking your additional input about the Sandcastle in this summer's Member Survey.

Sincerely,
KIAWAH ISLAND COMMUNITY ASSOCIATION, INC.

Kay Narmour
Director, Recreation
