

MEMO

TO: KICA Board of Directors
FROM: Joe Bunting
RE: LRP Status
DATE: 27 February, 2001

Since last month, there has been no change in status for the 25 remaining items that are underway.

On February 15 the Committee Chairs met with facilitator Rick LaMothe to further refine the mission and vision of the association, developing goals and objectives. Participants stated that the session was profitable. The next session will be held March 1.

After the March 1 session, staff plans to come back to the full Board and Committee Chairs with actions and quantitative objectives for our Long Range Plan. For the past two years, the plan has been a "bottom up" plan with considerable input from all the membership. This will be the first top down strategic plan for the association and staff looks forward to implementing it.
